RE: 2019 Bolt Bus Ridership Statistics To Date

Councillor Ross:

Thank you for your July 5, 2019 message requesting information on the BOLT regional transit service ridership statistics for 2019 (to date). The following table provides those statistics, broken out by month and with a comparison to prior year ridership counts (also by month):

	2015	2016	2017	2018	2019	
January		1455	1719	1953	1869	
February		1623	1610	1729	1546	
March		1877	1856	1927	1804	
April		1891	1515	1534	1959	
May		1799	1865	1634	1906	
June		1619	1798	1591	2025	
July		1227	1257	1431		
August		1299	1387	1372		
September	1605	1881	1731	1797		
October	1318	1959	1825	2141		
November	1438	1897	1781	1936		
December	1364	1622	1407	1303		
Totals	5725	20149	19751	20348	11109	

As you can see, the BOLT Regional Transit Service is on track to achieve the highest annual ridership in its history, and Administration continues to work on promotional initiatives to continue this trend. I trust this information satisfies your needs at this time.

Sincerely,

Deborah Juch, BFA
Director of Community Services
