RE: Intersection of 58 Street & Highway 12

Thank you for your inquiry regarding the signage for new left turn lane at the intersection of 58th Street and Highway 12. As you have likely noticed, the left turn signage has been covered until intersection work can be fully completed next spring.

This spring after the top layer of asphalt is installed, pavement markings including left-only turn arrows will be installed, the advanced green light will be activated, and the left turn sign will then be uncovered.

However, until the permanent pavement markings are installed the signage will remain covered and the intersection will continue to operate as it has in the past.

Sincerely,

Matthew Goudy, P. Eng.
