

## Pitch In Week

Every April, the City of Lacombe encourages residents, schools, community groups and local businesses to 'Pitch In' and help clean up our community.

The City asks everyone to take 20 minutes to go outside and pick up garbage around their businesses, homes, schools or wherever they happen to be in the community at that time. When you've finished your 20 minutes, step back and see what a difference you have made! Lets work together to make Lacombe the prettiest city in all of Canada.

**Register yourself, community group, neighbourhood or business to be entered for a chance to win some great prizes!**

Contact Sonya at 403.782.1267 for more information.
