# Agriculture Financial Services Corporation (AFSC)

## Success Story

AFSC is a provincial crown corporation with a private sector board of directors that provides farmers, agribusinesses and other small business loans, crop insurance and farm income disaster assistance.

“Lacombe was selected to serve as the head office for AFSC’s operations given the community’s strong ties to agriculture” says Chelsea Donahue, Marketing & Communications Coordinator, AFSC.

“Lacombe is also centrally located within the overall province, which is a real advantage given our wide network of branches.”

Since the move, AFSC has never looked back and continues to expand and flourish. It is the largest employer in Lacombe with 327 employees and has 55 branches across Alberta.
