General Appliances

Success Story

General Appliances was founded in 1972 as General Repairs and Sales. The business operated in various locations within Lacombe through 1999, when the owners decided to expand, selling the downtown store and building a much larger showroom at the current site on the north side of the city. In 2008, the growing business took on its present name and expanded again to accommodate a larger showroom and wider selection of luxury appliances. Owners Peter and Trudy Kuipers then passed the reigns onto their son Gary, son-in-law Kurtis Dykstra, younger brother Mark and employee Jason Siebenga.

“Lacombe is an ideal place to have a business because of its central location, proximity to the QE2, its relaxed hometown feel and excellent family and business community,” says owner Gary Kuipers.
