

**Paying your property taxes through your online banking**

**Step 1: Add Lacombe Property Tax as a payee to your bank account's bill payment profile**

Search keywords: "Lacombe property tax" and select the payee name closest to "Lacombe (City of) Property Tax" or "Lacombe Tax."

**Can't find Lacombe property tax as a payee or are unsure which payee to select?**

Contact your bank for more information.

**Step 2: Add account number**

The account number is the 9-digit roll number (ignore the "194") on your property tax bill entered without spaces or dashes. Do you have more than one property tax bill? Register each roll number and make payment on each tax bill separately.

**Roll number is the account number**

Make sure the Lacombe property tax account number registered in your bank's bill payment profile matches the 9-digit property tax roll number shown on your most recent tax bill or statement.

**Roll number location on a property tax bill**
